Real Breakthrough

Prior to this statementwar was regarded in Washington as a great breakthrough to- neva for any peace talks.

# President Flying To Hawaii: Hanoi Is Talking Tough

LONDON (AP) - Soviet informants said today they expect preliminary Vietnam peace talks to begin in Moscow next week. They said the North Vietnamese have already assured the United States privately they will launch no major offensive if all American bombing attacks are halted.

The sources, who cannot be identified by name, said Hanoi already has begun lifting the siege of Khe Sanh as a sign of its intentions.

None of these statements could be confirmed in official Western circles.

WASHINGTON (AP) - President Johnson has agreed to direct contacts on peace between North Vietnamese and U. S. representatives and will fly to Hawaii late tonight to discuss peace and war prospects with

top American officials from Saigon. Washington is understood to have messaged Hanoi informing the government of President Ho Chi Minh of U.S. readiness to meet for initial contacts on peace

Officials indicated the first Hanoi-Washington contact would probably be between top U. S. and North Vietnamese diplomats in Moscow, Vientiane, Laos, or some other capital where both countries have embas-

Easter Seal Appeal:

## Funds Bring Aid To Handicapped

sistance to crippled and handicapped children and adults of Delta County are financed through Easter Seals - and a generous response is anticipated to the appeal for funds now underway in Delta County, said Clint Dunathan, county Easter Seal chairman.

"There will be no house-tohouse calls or solicitation at places of employment," said Dunathan.

"Only appeal letters asking for contributions to the fund and containing the Easter Seals that can be used to carry their message of hope for the handicapped will be distributed. Gifts to the Easter Seal fund may also be addressed to Carl Seal treasurer," he added.

### Our New Council

Our new Escanaba city council is seasoned and we'd call it conservative. It faces large problems of city government and it is well equipped to deal with them.

It will be composed of newly re-elected Councilmen Cecil Chase, who led the balloting and will, if custon is allowed, be Escanaba's presiding officer, as mayor for the next two years; Robert Bink, a businessman, who, at 27, is the youngest councilman in city history; and H. George Nelson, starting a second four year term.

Holdover members are retiring Mayor Harold Vanlerberghe and Ed Cox, also an ex-mayor; both veterans of council service.

Chase is a trucking rate clerk, Bink a pop manufacturer, Nelson a grocery store owner, Vanlerberghe an industrial traffic manager and Cox a railroader.

Escanaba has a council-manager form of government, although some councilmen in the past seem to have forgotten it at times. The council formulates policy and the manager executes it. The system was designed to bring to municipal government professional skill in management because it is usually lacking in a council of citizens elected by the public at large.

The councilmen represent the public to the city manager, who operates the city. The system suffers, as do all such systems, when elected officials mistake their function and try to be executives.

H. George Nelson, although he lives on the South Side of Escanaba, is happily and ardently identified with Side of Escanaba, is happily and ardently identified with the interests of the North Side, where he operates his Kennedy's Bonfires grocery. The Seventh Ward there gave him a resounding vote Monday as though he were its representative, allowed Burn In Big States though all Escanaba city councilmen are elected at large to avoid just such partisanship and put the overall city interest first in every councilmen's concern. (The Seventh, while endorsing Nelson so strongly, recorded the only city defeat of the college millage in the same task of unseating President serious private concern over election.)

Chase should make a good mayor. He is a very devoted citizen, using his resources (including his blood) lavishly in the public interest. He has courage, too, and that's always helpful in public life. A Teamster, he stood to Pennsylvania with its big against Teamster representation of the Escanaba City Police Department in collective bargaining as a conflict tion votes (a tenth of the total and New York, Pennsylvania, of interest.

A foe of the sale of the municipal gas plant a few years ago, Chase has seasoned a lot in office, and this say the outlook for Kennedy had to hold a delegation years ago, Chase has seasoned a lot in office, and this in Pennsylvania is not good. against such pressures as are is true of Nelson, too. # Public Moves

ANN ARBOR (AP)-The University of Michigan's Survey Research Center, has reported that the public's willingness to buy has increased somewhat during the past three months. although uncertainty and hesitation continue to prevail among American consumers.

The center's latest quarterly survey of consumer attitudes revealed a rise from 92.9 to 95.3 in its "Index of Consumer Sentiment." The August 1967 index was 96.5. The index is based on a survey of 2,650 family units and reflects answers to a series of questions on consumer attitudes and expectations.

George Katona, director of the Survey Research Center, concluded that the consumer sector of the economy will not provide a major stimulus.

"Demand for durable goods, and other discretionary demand as well depends not only on income but also willingness to buy," the center's report said.

"Even when money is available, some would - be buyers adopt a wait-and-see attitude if they are concerned about economic or political trends. Good news or the expectation of favorable developments represent a

condition for large-scale buying. "Over the past two years, was one of those hit by civil however, the war in Vietnam as disorders last summer, has well as inflation, high interest increases have made for uncertainty and misgivings.

# The police official made his charges Monday at a downtown Detroit News

DETROIT (AP)-The Detroit newspaper strike reached its 141st day today after five steady days of bargaining which brought no bright promise of quick settlement.

Al Leggat, labor relations director for Detroit, has been sitting in on the bargaining sessions and reports results to Prof. Nathan P. Feinsinger.

Dr. Feinsinger, professor of law at the University of Wisconsin, was asked by Detroit Mayor Jerome P. Cavanagh to keep in touch with the situation and try to devise a formula for settle-

At Feinsinger's request, publishers and unions began meeting every day, and have done so, except on Sunday, since last Friday. The meetings have been with the Pressmen, Plate Handlers, Paper Handlers, Printers and Stereotypers unions and the Detroit branch of the American Newspaper Guild.

There has been no public indication of optimism from either side in any of the bargaining

## Filipino Wary On Peace Talk

UNIVERSITY CENTER (AP -The Philippine ambassador to the United States said Wednesday his country views North Vietnam's latest apparent peace

feeler with guarded optimism. "They are not offering to do anything different," said Salvadore P. Lopez, formerly Philippine ambassador to the United Nations. "It seems to me that a clarification of what Hanoi is up to is needed.

'They could simply be reply-President Johnson's bombing cessation because his offer requires them to make some sort of move," he said. "It remains to be seen whether

the move has any substance." Lopez spoke to an international relations seminar at Delta College in this city just southwest of Bay City.

He told the group that the United Nations' most serious organizational problems are the proliferation of "ministates" each with a vote in the general assembly; the failure of Russia and France to pay their share of the costs of peace-keeping operations; and the formation of regional blocs which "emphasize regional growth and thwart the chances for international cooperation among nations."

### Northeast Air Orders Trijets

BOSTON (AP) - Northeast Airlines announced Wednesday it has ordered four 256-passenger Lockheed L1011 Trijets for delivery in 1972. The planes cost \$15 million each

Lockheed said the purchase increased the total number of orders for the 175-foot-long superliner to 172 aircraft with a value of more than \$2.5 billion dollars.

# NOTICE OF REGISTRATION

### OF THE QUALIFIED ELECTORS OF ESCANABA AREA **PUBLIC SCHOOLS**

Residing within the Townships of Wells, Cornell, and Ford River of Delta County and within the Township of Wells, Marquette County, Michigan.

#### THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please take notice that the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold a SPECIAL SCHOOL ELECTION in said School District on Monday, May 6, 1968.

Section 532 of the School Code of 1955 provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides . . ."

The last day on which persons may register with the appropriate township clerk in order to be eligible to vote at the Special School Election to be held on Monday, May 6, 1968, is Friday, April 5, 1968. Persons registering with the respective township clerks after 8:00 P. M. Central Standard Time, on said Friday, April 5, 1968, are not eligible to vote in said Special School Election.

Under the provisions of the School Code of 1955, registrations will not be taken by school officials, and only persons who have registered as general electors with the township clerk of the township in which they reside are registered school electors. Persons planning to rgister with the respective township clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan.

## District Cedar Cut For Deer Exceeds All Rest Of Michigan

By WESLEY LEHMAN

District Forest Supervisor Department Of Conservation

Forestry District III of the Conservation Department is composed of five state forests in Schoolcraft. Alger, Marquette, Delta and Menominee counties. These forests are where the action is.

At the beginning of last year, the foresters were encouraged to promote maximum cutting and before the year was three quarters over, to restrict further production. The result was a harvest of 46,826 cords of wood, which was slightly less than the commercial cut in 1966 of 49,000 cords.

Stumpage receipts of \$182,-410 in 1967 compared with \$198.079 in 1966. There were 280 timber permits issued compared with the issuance of 373 permits in 1966. Timber sales were, therefore somewhat larg-

Chemical Wood Cut

One of the results of the reduced pulpwood market in the later part of the year was an increased interest and activity in the harvest of chemical wood. A total of 3100 cords of hardwood was cut for the chemical wood market, a gain of at least 50 per

While the sale of this material provides little stumpage revenue, the cutting is of tremendous value in improvement of timber stand condition by removal of excess trees and trees that are poorly formed. This hardwood market also makes possible the removal of invading hardwoods from aspen stands when the aspen is cut. Perhaps of equal importance is the increased deer browse made available because of the harvest for the chemical wood market.

Of unquestionable significance to the survival of deer within the district was the harvest of 4,014 cords of cedar in 1967. This is more cedar than was cut on all other remaining state owned land in Michigan during this period. It is 1,000 cords more cedar than was harvested in District III during 1966. Much of this cedar -3 500 cords - was cut durin the early part of 1967 when snows were deep and deer food conditions were critical.

Lots Of Deer Feed This volume of cedar produced 2,007,000 pounds of browse. Of course, the total cutting program on the district's 7,804 acres produced significantly greater amounts of browse, even though it would not all have been available to the deer at a time of critical food conditions.

The Conservation Department has been encouraged to engage in an active land exchange program to achieve improved ownership patterns. Within District III, 3,948 acres were examined for exchange Khe Sanh Base last year.

Some changes in ownership of state land are desirable to foster or improve industrial ex- dozers lurched down steep pansion. Some exchanges are banks, moving huge masses of dation of ownership and improvement of access to public land. All exchanges made must provide equal value for state land relinquished.

Recreation

grounds in the district indicated today the force had more than a 37 per cent increase in use.

man-to-the-moon program. gines, other engines took up the nee) for review. slack and the world's most powerful rocket shoved into orbit a troversial measure, House Bill satellite weighing 132 tons, including the unmanned Apollo

But it was a wrong orbit, 100 miles too high. An officer of the National Aeronautics and Space flight had been a man-to-themoon mission, it would have been aborted because not enough fuel would have remained to propel a three-man Apollo craft outward to the

Maj. Gen. Samuel Phillips. Apollo program manager, said: "If we had lost two engines Police Increase like this on a lunar mission, we would not have conducted the mission. We would go to the alternate earth orbit mission."

was to establish whether the Saturn 5 could safely orbit an Apollo spacecraft. Because it strength of 1,765. did achieve this goal - even though the orbit was wrong there still is a possibility the next Saturn 5 will be manned.

"We'll have to carefully examine the data for several days before we can make a decision on how serious the problem is and whether the next Saturn 5 is manned." Phillips said.

"Because of the early shutdown of the two second-stage engines," he added, "there is no question that this has been less than a perfect mission. But there are many things to be pleased with about the flight. For one thing, we proved that liquid rocket engines can fail, but not catastrophically."

He said that astronauts could have safely achieved orbit on the flight.

Space agency planning had originally been to have three unmanned Saturn 5 flights to qualify the rocket for astronaut orbit trips and then manned moon journeys in 1969.

### Labor And Peace Hopes Build For Bid By Humphrey

(Continued From Page One)

tude toward other candidates. an Associated Press survey shows, while Kennedy forces are raiding the Johnson delegate camp in California and have won over a few Johnson men in Nebrasks.

-The Nashville Tennessean reports a draft Johnson movement by Gov. Buford Ellington and other pro-Johnson governors. The paper says the plan is to commit state delegations to favorite-son candidates who would throw their support to the Johnson draft at the national convention. Buford declined to comment except to say he "is not trying to line up a ticket."

Both Humphrey and Kennedy met separately with President Johnson during the day but none of the three disclosed details of what was discussed.

### Johnson Waits

Presidential press secretary George Christian said neither asked Johnson for an endorsement. He added: "The President does not want to preclude his freedom of movement. He didn't want to foreclose any-

thing." Meany's statement urging Humphrey to run included what appeared to be criticism of both Kennedy and McCarthy

"The American people," Meany said, "must not be left with a choice only among candidates who themselves have symbolized the discord and disunity the President's action sought to eliminate."

The presidential action he referred to was Johnson's announcement he will not seek reelection.

### Col. R. L. Bryan Gets New Duty

K. I. SAYER - Col. Raymond J. Bryan, vice commander of the 410th Bomb Wing at K. I. Sawyer, has been reassigned to the 301st Air Refueling Wing, Lockborne AFB, Ohio, according to an announcement made by Gen. Austin J. Russell, commander of the 2nd Air Force.

Col. Bryan reports April 8. At the same time, Col. George

> In the Christian Passover; the lamb of God, Christ is sacrificed on the Cross, eaten at the Last Supper, within the framework of the Jewish Passover, the first Holy Week. Thus, Christianity teaches, Christ brings salvation to the world; and the mystical reenactment of this redemptive act becomes the central feature of the Christian liturgy, organized round the Mass which is at once sacrifice and sacrificial

beliefs about hair and it's proper grooming. This week, will endeavor to familiarize

you with a iew facts about your crowning glory. One of

misconceptions is that singeing improves hair and hastens growth. This is not so, actually, singeing dries the hair and makes the ends brittle. Do you believe that old age is the cause of gray hair? Not so, say the experts. Strain is the greatest cause. Contrary to popular belief, cutting will not make hair curl. It's a fact, most women use too much shampoo and rinse only until their tresses 'squeak," don't stop rinsing until the water is clear and free of all suds.

Better yet, let us give you our next shampoo and set. Styles of uncommon charm are our stock in trade at HURLEY'S HAIR FASH-IONS . . . 111 N. 9th. Phone

### Delta District Nurses Hear Dr. M. Cretens

The Delta District Nurses Association held their monthly meeting March 26 at the House of Ludington with Dr. Mary Cretens, director of the Delta County Health Department, as their guest speaker.

Dr. Cretens presented colorful slides to accompany her talk on her two month tour of duty aboard the ship, S. S. Hope in South America.

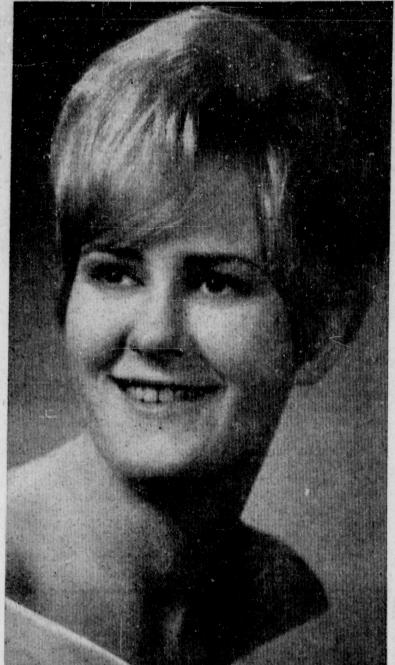

The Misses Marie Trotter, R.N. and Dorothy Murphy, R.N., were honored guests for the evening. Both have recently retired and were presented with corsages and lifetime social memberships in recognition of their years of service to the nursing profession and the district association.

Miss Trotter graduated from the American Hospital, Chicago, class of 1926 and following graduation she continued to work in Chicago until returning to Escanaba and joining the staff of St. Francis Hospital in 1945.

She worked there, until her retirement, as head nurse on the fourth floor and more recently as supply supervisor.

Miss Murphy is a graduate of Grant Hospital, Chicago, class of 1931. She also worked in Chicago after graduation doing private and general duty. In 1943 she returned to Escanaba and did private duty for two years and then became a night duty nurse at St. Francis, a position she held continously until retirement.

Both nurses are licensed registered nurses in Illinois and Michigan, charter members of the Delta District Nurses Association and both attend St.

MR. AND MRS. DONALD KILLORAN of Fayette announce the engagement of their daughter, Linda Susan, to Jan Peter Farley, son of Mr. and Mrs. Orville Farley of Fayette. The bride-elect is a 1966 graduate of Garden High School and her fiance is a 1964 graduate of Garden High School. He is presently serving with the U.S. Army at Fort Erwin, Calif. A July 27 wedding is being planned.

## On The Sidelines

With Mike Utt

Jim Shandonay netted 24 points in leading the Escanaba Tom's Signs to victory over a tough Marquette Dahlke Oil team in the Class B bracket of the Negaunee Independent Basketball Tournament over the weekend. The score was 67-49 in th game rated as a mild upset. Tom's will play Friday night at 9 against an unnamed opponent.

Brian Ouimette of Iron Mountain High School was a unanimous choice to the Menominee Range All-Conference team. It was the third straight year he has been named to

Other players named to the squad were Gary Sachek of Crystal Falls, Doug Waitrovich of Niagara, Tim Kearney of Kingsford, Kurt Stoor of Crystal Falls, Don Vaccari of Stambaugh and Dick Odgers, John Gendzwill, Bruce Passamani and Wayne Lewis of Iron River.

As a result of the dissolving of the Menominee Range Conference the Eddie Chambers Memorial Trophy was awarded permanently to Crystal Falls, the Willard Anderson JV football trophy was awarded to Stambaugh and all Menominee Range records were turned over to the Iron Moun-

Mike Gafner of Escanaba is on the 1968 varsity baseball roster of Eastern Michigan University. Gafner, a junior, is a righthanded pitcher. He is a graduate of Escanaba High School.

The sportswriters at the annual U. P. Sportswriters Meeting last weekend, voted to undertake the responsibility of providing permanent awards to winners of the Rudness Trophy in basketball and the Barber Trophy in football. The Negaunee Alumni association, sponsor of the Rudness Trophy, is unable to continue financing the purchase of a permanent trophy for the school winning the Rudness Trophy which is a traveling trophy.

### Card of Thanks

### Johnson

I would like to express my appreciation to the staff at the St. Francis Hospital and to Dr. Dehlin for the courteous and excellent care I received during my recent illness, also to the friends who called and sent plants and cards to wish me well. I especially want to thank the many friends and neighbors who called to visit. And I will never forget the kindness of Rev. C. J. Davis and Rev. Brostrom for their prayers and words of encouragement. May the Lord bless each and every one for bless each and every one for your acts of kindness.

Edwin A. Johnson 1510 N. 11th Ave. Escanaba, Michigan

# Kidnaping Charge

DETROIT (AP) - Troy D. Martin, 41, of Wheelwright, Ky., was arraigned on a federal kidnaping charge Wednesday while Monroe County authorities awaited their turn to press a murder charge against him.

Federal Judge Ralph Freeman ordered that Martin be held under \$50,000 bond for trial after the Kentucky man stood mute at his preliminary

He was accused of kidnaping Thomas Cyr, 23, near Milan last Jan. 27 and forcing Cyr to drive him to Toledo. Martin was captured by the FBI in Seattle

Monroe County officials have a murder warrant issued against him in the slaying of Julius E. Spivey, 58, of Tecumseh whose body was found under a truck the same date of the Cyr kidnaping incident.
